# THE COACHING

## ON THE COURSE

### 360° GOLF

Players are grouped by ability and follow a dedicated training programme designed by PGA professional Simon McGreal. Coaching takes place on the excellent 9-hole course and golf practice facilities at Bradfield College, also making use of the state-of-the-art golf performance studio. Each week, players visit a local driving range and put their skills to the test in a competitive day at a top golf course nearby.

### RAISE YOUR GAME

Coaching sessions involve skill development and technique correction, while the golf performance studio with Trackman 4 technology, Boditrak pressure system, and CAPTO putting analysis provides detailed player feedback. The coaching programme is supported by golf workshops, which give players a broader view of the game.

### MEET SIMON MCGREAL LEAD PGA COACH

Simon has over 25 years' experience as a PGA professional, competing on the Canadian/Korn Ferry & PGA Tours. Specialising in developing junior talent, Simon is currently the full-time resident PGA professional at Bradfield College. He continues to compete on the UK Masters Tour.

# COMPETITION DAY

**CHALLENGE YOUR GAME**

**AND COMPETE FOR POINTS**

Every week, players spend a full day at a top nearby golf club where they have the chance to compete for points and work together to showcase their new skills.

Grouped by ability, players play an 18-hole round as fourballs alongside a coach. Extra points are on offer for challenges along the way including longest drive, closest to the pin and long putt.

At the end of the day, points are converted into prizes!

# ENGLISH TEACHING

## LEARN IN CLASS AND ON THE COURSE

Our carefully designed English syllabus is based on the CLIL approach, which is used in prestigious English teaching schools worldwide. The focus is on sport, while also gaining a broader understanding of English in the wider world. Teachers live on campus and take a student-centred approach in the classroom. They ensure students communicate in English throughout the camp in order to create a unique and immersive English environment.

## WHAT YOU GET

**13-14 HOURS OF ENGLISH LESSONS PER WEEK**

**1:12 TEACHER TO STUDENT RATIO (AVERAGE)**

**INDIVIDUAL REPORT TO TAKE HOME**

## HOW IT WORKS

Before the course starts, students take an online English grammar and vocabulary test. On the first day of camp, a speaking assessment with their teacher further helps determine their level.

Classes are engineered to focus on general English and sports-related English. Using the topic of sport engages students with a common interest in the classroom and equips them with useful vocabulary for their coaching sessions. Lessons are fun and interactive, using a combination of traditional classroom techniques, active participation and project work.

At the end of each week, students will receive an English progress report, along with some advice from their teacher on how to continue improving their English at home.

“

It was important to me to design a programme that challenges players to improve. Watching them shoot lower scores on the course after working together in the studio is the most rewarding part of the programme. Using the Trackman4 simulator, we analyse each player's technique and work on adjustments to improve their performance. The players really respond to this detailed analysis.”
